

# **Peak ground acceleration estimation using P-wave parameters and horizontal-to-vertical spectral ratios**

Ting-Yu Hsu, Rih-Teng Wu, Chia-Wei Liang, Chun-Hsiang Kuo, and Che-Min Lin

## **SUPPLEMENTARY DATA**

The strong-motion records used in this study were provided by the CWB and can be obtained upon request through the website at <http://gdms.cwb.gov.tw/index.php>. The Vs30 information of each particular station was provided by the NCREE and can be download through the website at [http://egdt.ncree.org.tw/news\\_eng.htm](http://egdt.ncree.org.tw/news_eng.htm).
